Petition for Rule Making
FM Channel 279A
D'Hanis, Texas
June 2, 2003

Attachment A

Request to Reclassify
Station KEYI(FM), San Marcos, Texas
Pursuant to MM Docket 98-93

Radio Station KEYI(FM), San Marcos, Texas is licensed to Sinclair Telecable, Inc., 8309 North IH 35, Austin, TX 78753, (Facility ID 41213), FCC File No. BLH 19880113KA. The facility operates with a power of 100 kilowatts with center of radiation 383 meters height above average terrain. The above captioned Docket 98-93 provides the mechanism to automatically downgrade a Class C facility to Class C0 when a demand is made for the spectrum, as is the case here. Charles Crawford respectfully requests that the license of Radio Station KEYI(FM) be modified to specify operation on FM Channel 278C0 instead of on FM Channel 278C in accordance with the above Docket which provides for such downgrades when a demand for the unused spectrum is made, as is the case here.

Charles Crawford, the proponent of Channel 279A at D'Hanis, Texas, in accordance with the above Docket, formally requests that the Commission reclassify Radio Station KEYI(FM) as a Class C0 facility. Charles Crawford certifies that no alternative channel is available for the service he proposes at D'Hanis, Texas as is proposed in the Petition for Rule Making. A copy of this Petition for Rule Making is being served on Sinclair Telecable, Inc. as is required in the above Docket.
